Navjyoti Analytics & Research Laboratory

Delivering Trusted Testing Solutions Across Businesses

Navjyoti Analytics and Research Laboratory (NARL), a division of Navjyoti Commodity Management Services Ltd., an NABL accredited laboratory, offers a one stop solution for multi-disciplinary testing services in the field of chemical, physical and biological testing.

NARL strives to deliver quality services through expertise in on-site and off-site testing across 16 states through a network of central, satellite laboratory and field QC Inspection locations. Each strategic location is well equipped with advanced infrastructure and modern technology that enables real-time data access and encourages transparency.

NARL is led by a team of highly experienced qualified scientists & field experts who have a penchant for quality. The team is inclined to follow latest testing standards published by various renowned accreditation bodies including ISO, AOAC, AOCS, GAFTA, BIS, FSSAI, IP and AGMARK. We are committed to deliver fast, accurate and reliable test results meeting global quality standards specified by ISO/IEC: 17025:2005, FSSI, BIS, FDCA & GLP.
